

Card Zipper Wallet

INSTRUCTION

DIY ZIPPER TOOL

Trace the "Main Interior" pattern to the card board

Trace line stops here

Cut out 6 pieces of card board (use the card board with thickness of 2-3 mm or 1/8 inch)

Seperate 4 pieces of card board for the outter part of this zipper tool

For the other 2 pieces of card board:
- measure the divider to 3 mm or 1/8 inch
- use the divider to draw around the card board

Cut along the line drawn by divider of the 2 card boards (this will be the inside part of the zipper tool)

Card Zipper Wallet

INSTRUCTION

DIY ZIPPER TOOL

Glue the 2 inside pieces together

Glue/ combine 2 pieces of the outter part into 1

You will end up with 2 pieces of outter part and 1 inner part

Glue the inner part in the middle of the out part of the zipper tool

The over all thickness should be aprox. 1.4 cm or 9/16 inch, the inner area should measure aprox. 0.5 cm or 3/16 inch

This zipper tool will help keep the leather and zipper in shape when installing the zipper
