

RED CROSS MEDICAL BAG

Assembly instructions

Difficulty level: intermediate

Completion Time 10 - 12 hours

NECESSARY TOOLS

B&W Printer

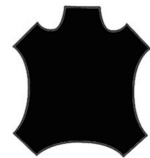

Scissors or a cutter

Hole Puncher

0,5 square feet of leather

Thread and needles

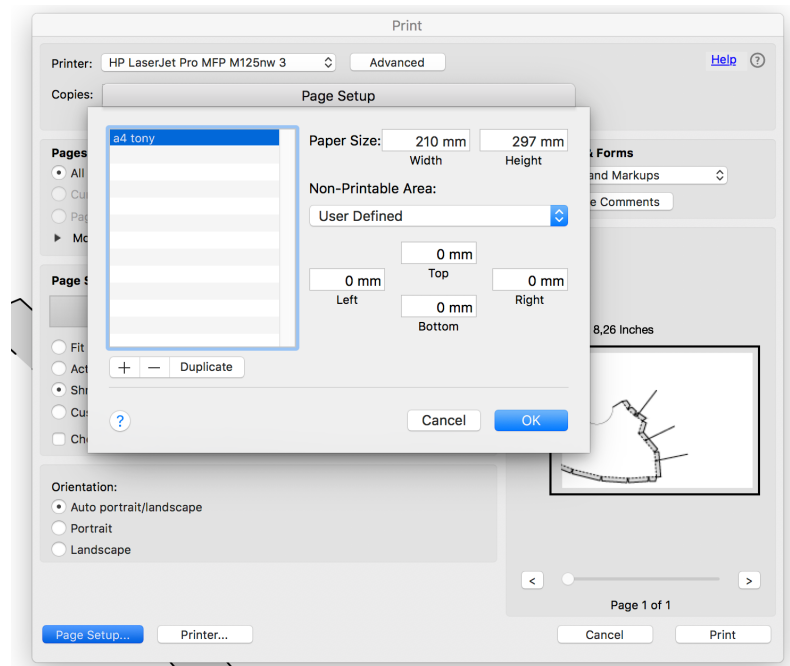

An old CD clear case or some scrap acrylic glass

PRINTING THE PATTERN

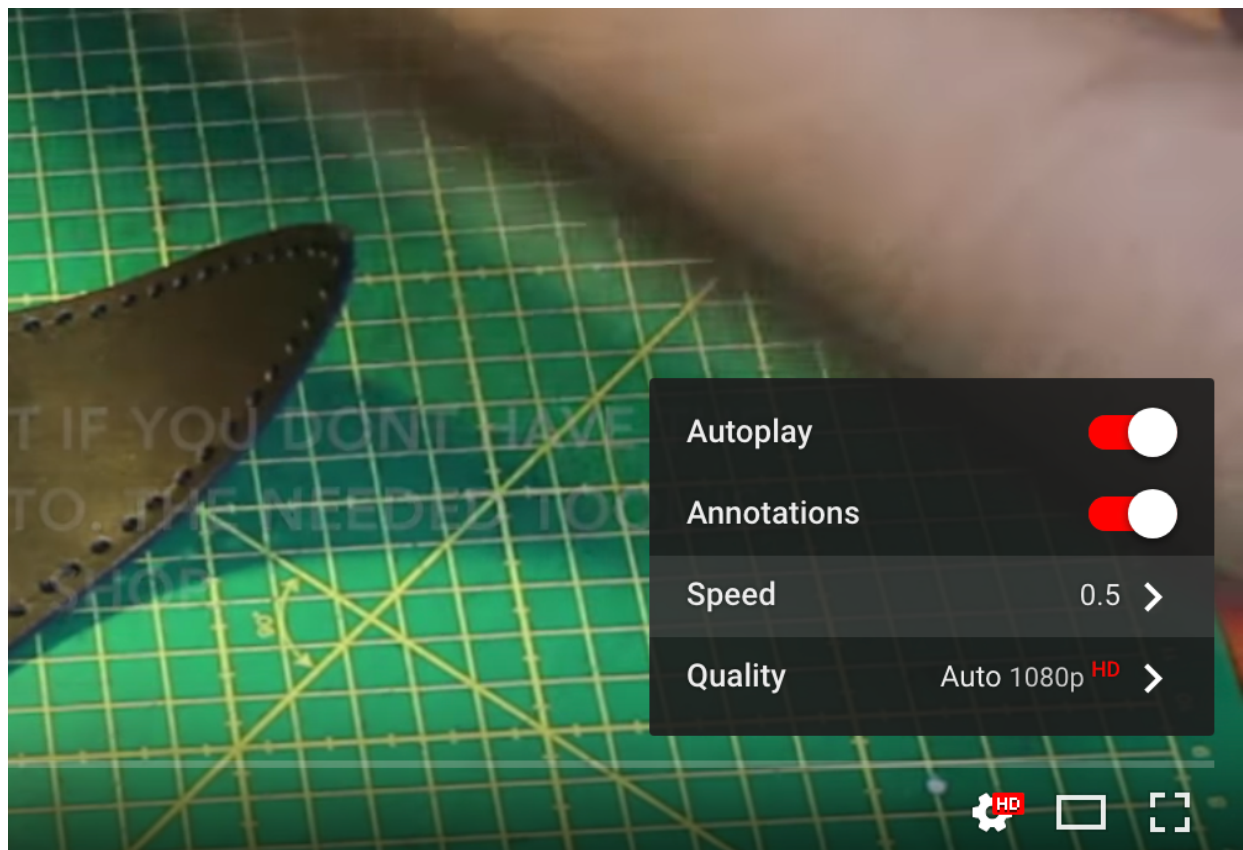

Set up your printer to A4 paper with no margins on landscape mode.

Alternatively you can use “letter” format which is approximately the same size and will not impact the size of the product significantly

In order to help with your build, we filmed the entire process from the start to finish.
Please access your instructional video here: <https://youtu.be/eC4ETRLIBtA>

The speed is set to 200 % but if you like to see it in real time simply set the youtube playback option to 50% like in the picture below

Would love to see what you did, so please share or leave a review on Etsy.
Stuck and need help? go ahead and send us a message, someone is always around to give you a hand

Thank you for constructing your bag with our patterns

Tony
